

mSATA mini SJ1

Solid State Drive

The mSATA mini SJ1 provides valuable embedded storage in a mSATA form factor. With read speeds up to 300MB/s and write speeds up to 100MB/s, the mini SJ1 delivers fast and reliable performance. This product has a SATA III interface and is available in capacities of 16, 32, and 64GB. The mSATA mini SJ1 is ideal for use in mobile and tablet technologies.

Features:

- Small mSATA form factor
- SLC & MLC NAND Flash support
- Built in error detection and correction

Physical Specifications:

Capacity	8, 16, 32, 64GB
Dimension	29.85x26.8x3.5mm
Interface	SATA III
NAND Flash	MLC, SLC
Power Supply	3.3V +/- 5%
Operating Temp.	0°C to 70°C

Ordering Information:

Capacity	MLC	SLC
8GB	FM2008JMIRM	FMA008JMIRM
16GB	FM2016JMIRM	FMA016JMIRM
32GB	FM2032JMIRM	FMA032JMIRM
64GB	FM2064JMIRM	-

Performance Specifications:

Seq. Read Max (MB/s)	Seq. Write Max (MB/s)
300	100
